

How to Set Up Your BeAScout Pin

BeAScout.org is the first place many families go to look for a Scout group to join. To make the most out of recruitment, make sure your unit's pin is up to date and ready for online applications.

First, see what your pin looks like by going to BeAScout.org and typing your zip code. You'll see a list view, which you can change to a map to see the pins.

Next, go to my.scouting.org (committee chair, unit leader, or chartered org rep) to update the details. Click "**Menu**", select your unit, then "**Organization Manager**". On the left-hand side, will be two options: "**Settings**" and "**Unit Pin**".

- Make sure Pin Mode is set to **Appear on BeAScout** and **Allow People to Apply Online by selecting the** checkmark to the right.
- Update the information with current contacts as needed, we suggest a unit email address that is accessible to your Key 3. Under "**Unit Website**" enter URL for the website your unit uses to provide information to potential families. Provide some interesting key points about your unit in the "**Additional Unit Information**" section.
- Don't forget to click **Save** at the end.
